Hooper, Nebraska
May 2013 to August 2015
Managed the pool, ordered chemicals, handled money, ran swimming lessons, and created operational hours.

PROJECTS

THE NORMANDY

The Normandy is a French cuisine restaurant that focuses on fine dining, located in Lincoln Nebraska. This responsive website enhances their high-end atmosphere and style through minimal, refined typography, beautiful photos, and an interactive menu.

LEXISVON.COM

An idea for my own personal website to display some of my work. Designed to reflect my love of a minimal style with lots of white space and simple navigation.

BEAUTY BAR

Beauty Bar is a cool nightclub that was transformed into a luxurious, swanky time capsule of big hair, pink nails, and dry martinis. This is a conceptual design for the new website to attract and show people what Beauty Bar is all about.
